## Press Release

*TO BE RELEASED AUG. 3, 2006*

### FAUS' GLOBAL PATENT PORTFOLIO CONTINUES TO GROW

Calhoun, GA – Faus Group, Inc. (“Faus”) is pleased to announce the award of international patents on its leading edge Embossed-In-Register® and JointGuard®/ bevel laminate flooring products.

Faus' Embossed-In-Register® and JointGuard®/ bevel technologies are the subject of U.S. Patent No. 6,401,415, U.S. Patent No. 6,688,061, and Spanish Patent No. 2 168 045. These technologies are also the subject of a growing number of international patents, including Australian Patent No. 783 382; Indian Patent No. 200064; Russian Patent No. 2256043; and German Utility Model No. 29924311 U1. Faus also has a patent granted in China relating to Embossed-In-Register® and JointGuard®/ bevel technologies.

Faus' global patent portfolio continues to grow. Faus has many patent applications relating to its Embossed-In-Register® and JointGuard®/ bevel technologies pending in numerous countries. In addition, Faus has patents pending throughout the world on advanced flooring and molding technologies including Interplank®, MicroBevel®, LongStrip™ and FasTrim®, to name a few.

Faus is a real global leader in the laminate flooring industry, with manufacturing facilities in Europe, Asia and the United States. Always the leader in design and technology information, Faus manufactures products designed to meet consumer demands for laminate and moldings of the highest level.
