

Always the Leader in Design and Technology Innovations.™

FOR IMMEDIATE RELEASE

## **FAUS ADDS NEW US PATENT TO ITS RAPIDLY EXPANDING GLOBAL PATENT PORTFOLIO**

**Calhoun, GA** – Faus Group, Inc. (“Faus”) is pleased to announce that the United States Patent Office issued U.S. Patent No. 7,287,357 B1 to Faus on October 30, 2007.

The ‘357 patent covers Faus’s innovative FasTrim® molding technology, as applied in laminate, wood, plastic, or metal transitions. When used in conjunction with Faus laminate flooring, FasTrim® can enhance the appearance and prolong the life of laminate flooring.

U.S. Patent 7,287,357 B1 is the latest addition to Faus’s rapidly expanding global patent portfolio, which includes, amongst other properties, Faus’s pending and issued patent applications for its Embossed In Register®, JointGuard®, and MicroBevel® technologies.

Faus remains a real global leader in the laminate flooring industry, with manufacturing facilities in Europe, Asia and the United States.
